

# Stab My Back

## The All-american Rejects

Now we're broken on the floor  
She just wants me to share her  
It hasn't been this way before  
She just wants me to dare her

The phone rings  
And she screams

Stab my back  
It's better when I bleed for you  
You walk on me  
It never was enough to do

I can't get past her  
Falling fast  
It's true  
It hasn't done a lot for you

And every time he held you close  
Yeah, were you thinking of me  
When I needed you the most  
Well I hope that you're happy

The phone rings  
And she screams

Stab my back  
It's better when I bleed for you  
You walk on me  
It never was enough to do

I can't get past her  
Falling fast  
It's true  
It's better when I bleed for you

I hope that love he gave you  
Was just enough to save you  
You nearly broke my heart  
Just look at what you're tearing apart

Stab my back  
It's better when I bleed for you  
You walk on me  
It never was enough to do

I can't get past her  
Falling fast  
It's true  
It hasn't done a lot for you

It's better when I bleed for you  
It never was enough to do  
It hasn't done a lot for you
