

# Big Black Automatic

The Almighty

Your ideas are terrifying  
We exist by defiance  
And I think that you could be  
The one to suss me out  
I can live with my lies  
'Cos you're the one with the homicide eyes  
And I think your smalltown paranoia's justified  
Some have never had the sense of freedom  
Why have all these people gotta have a reason  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
Talk about the soul of the nation  
Wipe your ass with the whole of creation  
Don't let that old school beat you  
Red, white, black and blue  
We can go downtown if you wanna  
Be a party of the great lager culture  
'Cos a little amnesia makes everything OK  
Be bop a lula, don't let the fool you  
Be bop a lula, don't let them try  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
Everybody needs somebody to kill for  
Liberty and justice if it wasn't for the law  
Everybody needs somebody to kill for  
Do you know who you wanna die for now  
Your ideas are terrifying  
We exist by defiance  
And I think that you could be  
The one to suss me out  
Some have never had the sense of freedom  
Why have all these people gotta have a reason  
Be bop a lula, don't let the fool you  
Be bop a lula, don't let them try  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun  
I'll only riot if you give me a gun
