

Coalition Star

The Almighty

I don't feel threatened by my past
Just full of indifference
Wearing your dreams out
Yes I'm addicted
Yesterday people question my convictions
Anxiety ridden
Life's contradictions
Shooting our mouths off
Words fly like bullets
Telling me nothing
It's just passive bullshit
So don't talk to me
I'll just disappoint you
Is it all wasted time
Or time to get wasted
(chorus)
Coalition, Coalition, Coalition blue
I don't want to be anyone
(Getting used to being used)
