

Instinct

The Almighty

Lyrics : Warwick/James - music : Friesen/London

A new day rising
And I'm sinking slow
I've been following my instincts
To the corners of her soul
You want it
Need it
Give it
Take it as it comes
Teach me how to fuck
Without the indignation
Gonna lick the flame
Coz I can't resist temptation
(chorus)
You find it hard to swallow
Swallow my pride
It's a love like hell
Crying in her mind's eye
About the damage done
I can't hold back my kingdom
When I know it's gonna come
You want it.....etc
Teach me how to fuck
Spare me degradation
If I knew how to relax
I wouldn't need sedation
(chorus)
You want it.....etc
Teach me how to fuck
Senseless stimulation
Can desire be fulfilled
In a no win situation?
(chorus)
