

Warwick

Don't give it all away

don't give it all away

I tried to save myself

but you wrote me of anyway

When will I feel like I wanted to

What in the world has come over you

Whait in the world are we going to do

(chorus)

Nothing left to say

nothing left to use

nothing left to give

nothing left

nothing left to prove

This only gives me frustration

I pile it in my mind

I almost had a weakness

And you almost made me smile

It's just a smalltown life sentence

and I tried to drown it out, you're taking this the wrong way

and you think that it's alright

(chorus)

I left this place the way I found it

everything the same

when I was young I didn't know what I wanted

It's nice to know I haven't changed

don't give it all away

(chorus)
