

# You've Gone Wild

The Almighty

(Warwick)

You got my love  
Yeah, you know you got it good  
But still you keep takin'  
Alot more than you should  
And that ain't right  
You're one crazy mother  
I can see it your eyes  
You treat me like some dog  
Now you don't want my love  
You don't want my love  
Do you feel it baby  
Now you lost your mind  
Do you need it honey  
Before you go too wild  
You've gone wild  
You've gone wild  
You've gone wild  
You've gone wild  
Lately I've been thinking  
I've been thinking about you  
But you're so far gone baby  
I don't know what I should do, no, no, no  
Tellin' lies to angels  
Can get you what you need  
But they can hurt you honey  
They can make you bleed  
They can make you bleed  
You've gone wild  
You've gone wild  
You've gone wild  
You've gone wild
