## The Almost

Hey, Hey  
Hey, Hey

I guess I've been down this road before  
I guess that I've seen these scars before  
I wanna see just like I need to see  
And I wanna breathe just like I need to breathe

This whole thing makes me sick  
I'm so tired of dealing with it  
I'm so mixed up  
Used and bruised up,  
Why'd I know this  
Looking for this to change

I don't know where this came from  
This awkward limp  
I got from myself  
I wanna be just what I need to be  
I'm getting free just like I gotta be

This whole thing makes me sick  
I'm so tired of dealing with it  
I'm so mixed up  
Used and bruised up,  
Why'd I know this  
Looking for this to change

This whole thing makes me sick  
I'm so tired of dealing with it  
I'm so mixed up  
This whole thing makes me sick  
I'm so tired of dealing with it  
I'm so mixed up  
Used and bruised up,  
Why'd I know this  
Looking for this to change

Hey, Hey  
Hey, Hey
