The Almost

Go, go, go, go!

Go! (10x)

Fifteen miles from home  
A million from reality don't know  
If the last of my rope  
Is unraveling in front of me

Is there a light up ahead  
Where my head is spinning  
And I can't see the end  
I need a second to breathe  
'Cause this ain't how it's gonna be

And I'm falling apart  
Going back to the start  
I'm wearing thin  
But it's not over  
And I'll kick and I'll scream  
I'll fight till I bleed  
'Cause it's not over

Look in my eyes  
This might shake you by surprise  
But I swear I'm ready to stand  
Say everything I'll take it  
Like a man

And I'm falling apart  
Going back to the start  
Wearing thin  
But it's not over  
And I'll kick and I'll scream  
I'll fight till I bleed  
'Cause it's not over

I'll stay right here  
I'll face my fears  
I'll fight to the death  
There's no one like Him  
(2x)

And I'm falling apart  
Going back to the start  
I'm wearing thin  
But it's not over  
And I'll kick and I'll scream  
I'll fight till I bleed  
'Cause it's not over

I'll stay right here  
I'll face my fears  
I'll fight to the death  
There's no one like Him  
I'm wearing thin  
But it's not over

(2x)

It's not over
