

## Me And Alone

## The Almost

What's the use? I'm already deep with I can go, used in so alone

What's the cost? its me and all my selfless games

I don't have a hope if I'm hoping  
The war is staring at me  
I don't have a calls if I keep them  
Follow it and differently

In learning truth, its all coming back to why you knew  
accepting my shame  
I know I never really would  
I know I never

I don't have a hope if I'm hoping  
The war is staring at me  
I don't have a calls if I keep them  
Follow it and differently

This is whats left in me  
This is whats left in me

I don't have a hope if I'm hoping  
The war is staring at me  
I don't have a hope if I'm hoping  
The war is staring at me  
I don't have a calls if I keep them  
Follow it and differently
