Oh yeah!

Can you feel me on the outside, waiting? Can you feel me on the outside, waiting? Can you feel the weight taking me away? Can you see me on the inside fading? Inside fading...

Ooh

Look at the mess I've made

Take me down, down

Carry me away

Oh baby, ooh, look at the mess I've made

Let me drown, drown, in the water, babe

Yeah

(Drown, drown, drown, in the water, babe)

Down the river, make my heart stop my beating Down the river, make my heart stop my beating Can you hear the sound of them underground? All my hurt is on the inside, wailing Inside, wailing Inside, wailing Inside, wailing

Ooh

Look at the mess I've made
Take me down, down, down
Carry me away
Oh baby, ooh, look at the mess I've made
Let me drown, drown, in the water, babe
Yeah

Just let me drown
Oh
Get up, get up
Oh
Sink me down, this time I'm done
Until that river is out of the sun
Until the water is all out of life
I'll drown alone, who gives a fuck?

Look at the mess I've made

Ooh

Take me down, down, down

Carry me away

Oh baby, ooh, look at the mess I've made

Let me drown, drown, in the water, babe

Ooh

Look at the mess I've made

Take me down, down, down

Carry me away

Oh baby, ooh, look at the mess I've made

I'll fuckin' drown, drown, in the water, babe

Yeah
