

Feels Like I'm Dying

The Amity Affliction

Dying...

Most nights can't close my eyes
If you leave, let me down gently
Got devils on my back
Telling me I should end it
I've been living in a haze
You help me find some freedom
If you leave I'm begging please
You've gotta let me down gently
'Cause there's hell to pay
And I'm drowning in debt

Yeah it feels like I'm dying
Feels like I'm dying

I've got a heart set to attack
Set to attack but you disarm me
You placed heaven in my arms
Stormy eyes that shock like lightning
I've been living in a haze
You help me find some freedom
If you leave I'm begging please
You've gotta let me down gently
'Cause there's hell to pay
And I'm drowning in debt

Yeah it feels like I'm dying
Feels like I'm dying
