## The Amity Affliction

Are you living in a nightmare,  
One that eats away your soul?  
Does it leave you feeling empty,  
Does it leave you feeling cold?  
So you're living in a nightmare  
Well I'm living in one too  
But I'm trying to prevent the storm  
From bearing down on you

There are rats on every corner  
There are serpents in the street  
You know hell is coming for you -  
Now there's demons at your feet

When it all comes crashing down  
And you don't know where to go  
Yeah you think the world is ending?  
That's a feeling that I know

Don't be so quick to shut me out  
I know it's hard to face the day  
But we can make it out together  
Feel your nightmare slip away

Are you living in a nightmare,  
One that eats away your soul?  
Does it leave you feeling empty,  
Does it leave you feeling cold?  
So you're living in a nightmare  
Well I'm living in one too  
But I'm trying to prevent the storm  
From bearing down on you

I swear the storms are building faster  
Swear the walls are caving in  
But every time we start to falter  
I know we can look within

When it all comes crashing down  
And you don't know where to go  
Yeah you think the world is ending?  
But I swear you're not alone

Don't be so quick to shut me out  
I know it's hard to face the day  
But we can make it out together  
Feel your nightmares slip away

Are you living in a nightmare,  
One that eats away your soul?  
Does it leave you feeling empty,  
Does it leave you feeling cold?  
So you're living in a nightmare  
Well I'm living in one too  
But I'm trying to prevent the storm  
From bearing down on you

You know love still fills your lungs  
We breathe the same air  
Love still fills your lungs  
You know love still fills your lungs  
We breathe the same air  
And you are far too fucking young  
To let the weight of the world destroy you  
So one more night, breathe for me  
I know the deep blue's stretched between us  
But you are never too far from me

Are you living in a nightmare,  
Does it leave you feeling empty,  
Does it leave you feeling cold?  
So you're living in a nightmare  
Well I'm living in one too  
But I'm trying to prevent the storm  
From bearing down on you

Are you living in a nightmare?  
Are you living in a nightmare?
