

# No Sleep 'til Brisbane

## The Amity Affliction

I know I stood there, singing to you  
Please don't ever feel alone  
And please don't dream of never heading home  
But truth be told I've struggled just like you

Black hearts will sing tonight  
Open your arms and let us fly tonight  
Fly tonight  
And when it's all said and done  
You know we'll be alright  
Black hearts will sing tonight

I've lived my life trying not to feel  
Like I can't stop myself  
From feeling oh so blue  
I've fought the darkness  
Cold anxiety for so many years  
I know your dreams  
I know your fears  
I know the depths of the earth you wish  
Would open up, take you inside  
I know the blackness of night

Black hearts will sing tonight  
Open your arms and let us fly tonight  
Fly tonight  
And when it's all said and done  
You know we'll be alright  
Black hearts will sing tonight

Can't move your limbs  
Can't close your eyes  
This song is written  
For each and every breath you take  
Cause we're alive  
Cause we're alive  
And take those thoughts of suicide  
And set them alight  
Throw those fucking thoughts out to  
Your black heart nights  
Your black heart nights

Black hearts will sing tonight  
Black hearts will sing tonight  
Black hearts will sing tonight  
Black hearts will sing tonight

Black hearts will sing tonight  
Open your arms and let us fly tonight  
Fly tonight  
And when it's all said and done  
You know we'll be alright  
Black hearts will sing tonight
