Full On Idle

Say you're one man's taste "Want what?" Fall and break We've seen the dream, folks, in our day What? Fought The Father the Pope Finally sent away

Warden, lock it Free love's fought our battles through the day We were full on idle, A lot of them say, "Obey your colorist, Bleach it all away

Free reign, good rest
Break, every brunette in the way
When we're full on idle,
A lot of them say,
"Obey your violence"
Well, It's kinda late

Say you're one man's date Want what? Fall and break We were full on idle, A lot of them say, "Obey your violence,

Look close Hate Tide all white Row on the glass surf He pulled the paddle Okay with me In silence What I'd like to do With your violin And it's bow The Amps
