

She's A Girl

The Amps

Sent away for a wonderful girl
She'll be there soon
Now she's a girl
We talked on the phone
She just showed up the next day

Stay for a wonderful while
I was enriched in ways
I really can't describe
I'll whine
I'll live, no memory
I remember it I see
Here eternities

For wound and kind
Like all the signs
Once you've got it
Once is all the time

Here eternities
For wound and kind
Like all the signs
Once you've got it
Once is all the time

Wonderful girl
She's a poet
You know it
Need a ride to the store
I'll whine
I'll live, no memory
I remember it I see
Here eternities

For wound and kind
Like all the signs
Once you've got it
Once is all the time
