

## Automatic

The Androids

I push so hard, they hardly push back  
Instinct has led me to a man trap  
Divorce my conscience to be undone  
Throw down my ladder so you can get up

It's automatic  
I just can't help it

I push so hard, you push me back  
I push so hard

Part dopey dog and one part steam train  
On the back foot I see that look again  
I push so hard, they hardly push back  
You say, alright

It's automatic  
I just can't help it

I tell you what to do  
I'll do the work for you  
I'll tell you what to do

It's automatic  
I just can't help it

It's automatic, yeah, yeah, yeah  
I just can't help this place I'm in
