

# Don't Waste My Time

The Angels

No one ever beats you  
trying was a waste of time  
no one ever cheats you  
I could never read your mind  
didn't wanna touch you  
didn't wanna talk out loud  
got a dirty secret (got a dirty secret)  
I knew it when you made me wait around

No one ever beats you  
no one ever cheats you  
trying was a waste of time  
no one ever breaks you  
no one ever shakes you  
don't waste my time

Waiting for the guru  
they do it in the white house now  
the automatic handshake  
there could've been a loaded gun around

No one ever beats you  
no one ever cheats you  
trying was a waste of time  
no one ever breaks you  
no one ever shakes you  
don't waste my time
