The Angels

Coordination - can more than one thousand people coordinate at the same time?

Didn't ask to be here, taking what they're putting me through you can moan and cry and wonder why but there's something else you gotta do

Gotta live it up baby live it up yeah live it up

Nobody owes nothing, what you get is up to you don't say you've done (you know) no dancing `round you got something else you gotta do

Gotta live it up baby live it up yeah live it up gotta live it up baby gotta live it up baby gotta live it up
