The Animals

I love the way you walk
Said I'm crazy 'bout your walk
I love the way you talk
When you're talkin' that talk
I love the way you walk
You're my babe
I got my eyes on you

I see you every day
In the neighbourhood
I see you every day
And you sure look good
I see you every day
You're my baby
Got my eyes on you
Got my eyes on you baby!

I see you every day
In your neighbourhood
I see you every day
Woman, you sure look good
You know I see you every day
You're my babe
I got my eyes on you

Well I see you every day
Walkin' up and down the street
You got on your high-heel sneakers, baby
And you sure look neat
Well I said I see you every day
Little baby
I got my eyes on you

Well you got dimples in your jaw
You got dimples in your jaw
You got dimples in your jaw
You got them dimples in your jaw
You got dimples in your jaw
You're my baby
Got my eyes on you

Well, I love the way you walk
Said I'm crazy 'bout your walk
I love the way you talk
When you're talkin' that talk
I love the way you walk
You're my babe
I got my eyes on you
