

Worried Life Blues

The Animals

Oh Lord, Lordy Lord
It hurts me so bad for us to part

Someday baby, I ain't gonna worry
My life no more

You're on my mind
Every place I go
How much I love you
Baby you'll never know

Someday, baby, I ain't gonna worry
My life no more

So many mornings
Since you've been gone
I'm on my knees prayin' to you baby
Please come back home

Someday baby, I ain't gonna worry
My life no more, oh yeah

I want you brown eyes
I want you till my days end
But I want you as a lover
You're no good to me as my friend

Someday baby, I won't worry
My life no more, yeah

That's my story
This is all I got to say to you
Oh goodbye, baby
I don't care what you do

Someday baby, I ain't gonna worry no
My life no more
