

## Worried Life Blues

The Animals

Oh Lord, Lordy Lord  
It hurts me so bad for us to part

Someday baby, I ain't gonna worry  
My life no more

You're on my mind  
Every place I go  
How much I love you  
Baby you'll never know

Someday, baby, I ain't gonna worry  
My life no more

So many mornings  
Since you've been gone  
I'm on my knees prayin' to you baby  
Please come back home

Someday baby, I ain't gonna worry  
My life no more, oh yeah

I want you brown eyes  
I want you till my days end  
But I want you as a lover  
You're no good to me as my friend

Someday baby, I won't worry  
My life no more, yeah

That's my story  
This is all I got to say to you  
Oh goodbye, baby  
I don't care what you do

Someday baby, I ain't gonna worry no  
My life no more
