

## Aristocrat

## The Answer

Aristocratic lady  
Would you tell me how you feel?  
Do you think that you're above us?  
Do you want us all to kneel?

Aristocratic lady  
Will you stay at home today?  
If you ever learn how to drive that car  
You can take us all away

I'm ready to pay  
I am ready  
I am ready  
Lead me to riches today

Aristocratic lady  
You're a jewel in the crown  
You're a cover for the season  
Would you put the camera down?

You can take your pretty pony  
Ride into the night  
You know that I would join you honey  
But my image isn't right tonight

And I'm ready to pay  
I am ready  
I am ready  
Lead me to riches today

Lead me to riches  
Lead me to riches

Aristocratic lady  
I love it when you bite  
I feel like I've been crowned  
An aristocrat tonight

I'm ready to pay  
I am ready  
I am ready

I am ready  
I am ready  
Lead me to riches today
