

I Am Cured

The Answer

The colour in the world was drained from my soul
Beaten and betrayed by some people I swear I know
Tied to a tree as the sun left the sky
Naked and alone praying I would die
But I knew I wouldn't make it on to heaven
I knew I wouldn't make it as I cried

I am cured, yeah
I am cured
I am cured

Thrown to the wolves, torn to little pieces
They said I needed someone to iron out those creases
I swallowed an inferno to slowly be consumed
I met a man on the other side told me I was doomed
He swore I couldn't make it any lower
He swore I'd never make it out alive

But baby I am cured, yeah
I am cured
I am
I can tell you I ain't ever looking back
I am
I can feel it in my bones I'm alive
I am cured

I don't feel like I did anymore
I don't feel like I did anymore
Anymore

Yeah, I am cured
I am
I ain't ever, no I'm never looking back
I am
I can feel it in my bones, yes I know
I am cured
