

Solas

The Answer

Did you ever stop to wonder
The reason we are here
Would you let it drag you under
Would you live your life in fear

I've got a hunger
But I can't feed
Something's itching
Beyond my reach

I've got knowledge
But I don't wanna teach
I need a window
I need a window

What a light don't feel
The darkness kills

When I wake up in the morning
I don't know where I stand
These shadows won't release me
Deliver your demands

I've got a hunger
But I can't feed
Something's itching
Beyond my reach

I've got knowledge
But I don't wanna teach
I need a window
I need a window

So I can see
Fire on the hill

What a light don't feel
The darkness kills
What a light don't feel
The darkness kills
What a light don't feel
The darkness kills
What a light don't feel
The darkness kills
What a light don't feel
The darkness kills
What a light don't feel
The darkness kills

Solas, solas, solas
Solas, solas, solas
Solas, solas, solas
Solas, solas, solas
