

## It Seems Easy

The Antlers

We can't keep living if it's not what we are doing  
If all we are doing is waiting for death  
We can't keep working, watching the clock  
Putting on suits and failing our tests

We can't keep sleeping through all our alarms  
We shouldn't set them at all  
We can't keep commuting, sitting on trains  
You had it right all along

Now it all seems easy to me

Now it all seems easy to me  
Now it all seems easy to me  
Seems easy to me  
Seems easy to me
