

## Zelda

## The Antlers

Zelda, you asked me to wake you  
If I woke up before you  
And you were still stuck inside  
I'm here to tell you  
We're not awake, yet

Zelda, you look between two worlds  
A tunnel with two ends  
Pitch black in the middle  
Like a train

Zelda, it's just not important  
The small things we suffer

It's in an ocean  
That swims between us
