

# So High

The Aquadolls

Dirt on the bottom of our feet  
Got it from dancing in the street  
We looked up at the sky  
Just like the stars and the moon we were so high  
We were so high, so high  
We were so high, so high  
Ooh ooh ooh ooh  
Paint splashes across your cheeks  
Never have a doubt that life isn't sweet  
Open arms and and open mind cause you to fly  
Just like the knowing sun we were so high  
We were so high, so high  
We were so high, so high  
Ooh ooh ooh ooh  
Wave on wild boy  
Psychedelic mind boy  
We were so high, so high  
We were so high, so high  
Ooh ooh ooh ooh
