The Archies

Oh, Justine
Don't you just know
You driving me wild
Pretty child
You driving me wild
Woah

Justine
Can't you just tell
I'm loving you so
Don't you know
I'm lovin' you so
Whoa, Justine

Justine, just look at me
Justine, just hold my hand
Justine, Justine
Just a hold my hand
Justine, just look my way, hey, hey
Just look my way

Justine
Don't you just know
You driving me wild
Pretty child
You driving me wild
Woah

Justine...

Justine, just look at me
Justine, just hold my hand
Justine, Justine
Just a hold my hand
Justine, just look my way, hey, hey
Just look my way

Justine
Don't you just know
You driving me wild
Pretty child
You driving me wild
Woah

Can't you just tell
I'm loving you so
Don't you know
I'm lovin' you so
Whoa, Justine

Justine, just look at me
Justine, just hold my hand
Justine, Justine
Just a hold my hand
Justine, just look my way, hey, hey
Just look my way

Justine
Don't you just know
You driving me wild
Pretty child
You driving me wild
Whoa

Justine...

Justine, just look at me
Justine, just hold my hand
Justine, Justine
Just a hold my hand
Justine, just look my way, hey, hey
Just look my way

Justine
Don't you just know
You driving me wild
Pretty child
You driving me wild
Whoa

Justine
Just say you will
Say that you'll do
Love me too
Say that you'll do
Whoa, Justine

Justine, co-come on
Justine, come on, come on
Justine, Justine
Come-come on
Justine come on, come on
