Hey la dee doo down down

You're my baby, you're my one and only  
La dee doo down down  
Before I met ya girl, my heart was lonely  
La dee doo down down  
Say you love me baby, say you do  
Say you love me like I love you  
You're my baby, you're my one and only

When you hold me girl, ya really thrill me  
La dee doo down down  
When you kiss me girl, you nearly killed me  
La dee doo down down  
Say you want me baby, say you do  
Say you want me like I want you  
You're my baby, you're my one and only  
La dee doo down down
