

Time For Love

The Archies

Sunshine shining brightly
Clouds are smiling up above
My heart is singin' lightly
Time, time, time for love

My mind is berry pickin'
All the things I'm dreamin' of
My heart's a clock tock-tickin'
Time, time, time for love

Oh woah
Yesterday I was said
(so sad)
Ev'rything looked so bad
Ev'ry hour was pretty blue
'til the minute I met you

Now each day we're spending
We're together hand in glove
We've got never ending
Time, time, time, time
Time for love

Oh woah
Yesterday I was said
(so sad)
Ev'rything looked so bad
Ev'ry hour was pretty blue
'til the minute I met you

Now each day we're spending
We're together hand in glove
We've got never ending
Time, time, time, time
Time for love
