

# Don't Blame It On Me

The Association

Go blame the rain for your cloudburst of teardrops  
Blame the wind, say how lonely and cold it can be  
You asked to be free  
Don't blame it on me

Go blame the night for the darkness descending  
Blame the wind, say it laughs at you now that you're free  
That's how you want it to be  
Don't blame it on me

Now your life is empty  
And only tears remain  
Your high hopes turned to heartaches  
Your freedom turned to chains

Go blame rain and the wind and the darkness  
Blame the world for the way things have turned out to be  
Blame whatever you please

But don't...  
Don't blame it on me  
Don't blame it on me
