

# Fantasy Friend Forever

## The Asteroids Galaxy Tour

Yeah, I like it a lot  
Cause it feels like the real thing.  
No, I'll give it out  
Cause it feels like the real thing!  
One hell of a drive and it feels like the real thing  
Like some drama vault  
Yeah, it feels like a real good thing!

I'll be your fantasy friends forever  
I'll be your fantasy friends forever  
We can stay in the sky together  
I'll be your fantasy friend forever, forever!

Don't you do it just fine  
When it feels like a good thing?  
Don't you leave it undone  
When it feels like a good thing?  
Yeah, I like it a lot,  
Cause it feels like a good thing  
Yeah, I might never run  
And it feels like a real god thing!

I'll be your fantasy friends forever  
I'll be your fantasy friends forever  
We can stay in the sky together  
I'll be your fantasy friend forever, forever!

You can save my soul  
You can save my soul  
You can save my soul  
You can save my soul  
You can save my soul

I'll be your fantasy friends forever  
I'll be your fantasy friends forever  
We can stay in the sky together  
I'll be your fantasy friend forever, forever!
