

Out of Frequency

The Asteroids Galaxy Tour

Now I got you on my mind
Cause I know, now you're leaving town
I just wanted you to say
"Why don't you come, or should I stay?"

You're going away
I said it's okay.
Why don't I ask you
Not to go, and stay
Go and stay...

Waitin' every day
Till my mind go mad,
Will you ever come back?
Stick around till the sky turn black
And I hear you say
I'm on my way
Got me under your thumb
What a big fun
Come around, be my moon and the sun
Till the day that we're done

Am I blinded by the dark?
I feel strange now that we're apart.
I can't seem to find the time,
For any joy or any thought of light.

Are you okay?
Tell me, are you okay?
I'm afraid your
Way won't ever
Cross my way
Cross my way

Waitin' every day
Till my mind go mad,
Will you ever come back?
Stick around till the sky turn black
And I hear you say
I'm on my way
Got me under your thumb
What a big fun
Come around, be my moon and the sun
Till the day that we're done

Now I heard you're coming home.
Oh I won't take
A peek out the door,
I will meet you in the street
Suddenly, out of frequency.
I've been okay,
Yeah, I've been okay.

Why don't you
Not might go and
Come and stay.
Come and stay.

Waitin' every day
Till my mind go mad,
Will you ever come back?
Stick around till the sky turn black
And I hear you say
I'm on my way
Got me under your thumb
What a big fun
Come around, be my moon and the sun
Till the day that we're done

Waitin' every day
Waitin' every day
Waitin' every day
Waitin' every day
Waitin' every day
Waitin' every day
Waitin' every day
Waitin' every day
