

Get Your Gear

The Atomic Bitchwax

I'm the man in the middle
But I can see through the trees
Take a ride on this airplane
We could ride on the wings
Movin' slow yeah gotta go
There ain't no foolin me
I like the way that you stick to your guns babe
So don't point them at me

Get your gear 'cause we're leaving
Cop a feel in the trees
Take a slide on these airwaves
Crush your mind with the strings
You gotta go yeah let me know
And then we turn to the sea
I like the way that you stick to your guns babe
So don't point them at me

I'm the man in the middle
Get your gear 'cause we're leaving
But I can see through the trees
Cop a feel in the trees
Take a ride on this airplane
Take a slide on these airwaves
We could ride on the wings
Crush your mind with the strings
