

Sometimes Wednesday

The Atomic Bitchwax

Hey what's your name
Will you be mine
now go away you Philistine
Hey where you going
Changed my mind
She say Himalayan,
I say Samurai

Don't show up alone, cause I'll be bringing my gun
I don't often see such urgency
Why don't you come over now or
Sometime Wednesday
She's my sometime wednesday.

Now cancers calling
Cause leo died
His legs were broken
Cause her hands were tied
Forever waiting
Well so am I
Are you blown away
Semper Fi

Are you coming alone, are you bringing someone
How your heart bleeds, exceeds my needs
But you can still come around
Sometime wednesday

She's my sometime wednesday.

She's my sometime wednesday.
She's my sometime wednesday.
She's my sometime wednesday.
She's my sometime wednesday.
