

# By My Side

The Automatic

The things that run in my blood  
I just gave up so fast  
I've got nothing left to give  
secrets don't keep themselves  
I'm sick of hiding the answer from the question here  
what did I find in my head  
and no conviction  
and a fire that had gone out  
that lit up when the radio signal went out

Chorus

Is this the end of the world?  
I can't tell  
It's been like this so long  
Is this still you by my side?  
I can't decide  
If you were here at all  
Is this the end of the world?  
Is this the end of the world?

Lets look back,  
I cant remember when,  
The last time anything I said, meant anything,  
But things change, things change, things change  
Just as I slipped into the gaps between reception bars and I found myself on  
e day

chorus

Is this the end of the world?  
I can't tell  
It's been like this so long  
Is this still you by my side?  
I can't decide  
If you were here at all  
Is this the end of the world?  
Is this the end of the world?

Don't look back,  
And set traps,  
For myself to keep me in check,

Don't back track,  
Realise that,  
The best defence is attack.

chorus

Is this the end of the world?  
I can't tell  
It's been like this so long  
Is this still you by my side?  
I can't decide  
If you were here at all  
Is this the end of the world?  
Is this the end of the world?
