

I've Seen it all every Gallery and Concert hall
Those long dead faces and melodies I've heard before
And when we reach the end, what's the point behind it all?
Light entertainment so we forget the place we're in
I've been paying close attention
I've been on the edge of my seat
Waiting for an answer to the question
The question that's been on my mind
I can't enjoy this entertainment
I can't enjoy myself
Because concentrating too hard on
Not questioning what's going on
We do our finest work in surroundings decay
And now I find myself imagining the end
Bricks crumbling, the roof is finally caving in
I knew this day would come but I thought I'd be out of here
After all
We'll start again
Your calling out the shots
and all because the things we are
We're waiting out the war, the war
I've been paying close attention
I've been on the edge of my seat
Waiting for, yeah I've been waiting for
I can't enjoy this entertainment
I can't enjoy myself
Because I'm concentrating
Not questioning
ohhhhhhhhhhhhhhhhhhhhhhhhhhh
After all
We'll start again
Your calling out the shots
And all because the things we are
We're waiting out the war
After all (I've Seen it all)
We'll start again (Every gallery and concert hall)
Your calling out the shots (those long dead faces and melodies
I've heard before)
And all because the things we are (And when we reach the end, what's the point behind it all?)
We're waiting out the war (Light entertainment so we forget the place we're here)
