

Don't Go Away

The Autumn Film

Don't go, go away
Don't go, go away
Don't go away
For now, just stay.
Two inches away
Standing face to face
With nothing in the way
And this feels so safe
Lying next to you, next to you

Don't go, go away
Don't go, go away
Don't go away.
For now, just stay.

Ahh
Ahhh

Your eyes are grey
And they're blue and green
Depending on the day.
And you're out of focus
Ahh, but it's clear to me
Clear when you say

Don't go, go away
Don't go, go away
Don't go away

For now, just stay.
(Ahhh)
For now, just stay.
(Ooh)
