

# Wreck Of Innocence

The Autumn Film

Broken down  
I guess I'm not  
All I seem to be...

(Chorus)  
How could you love  
How could you love this  
Wreck of innocence  
How could you love  
How could you love  
This fated dissonance

My feet are cold  
Staring through painted glass  
And you seem far from me...

And how can you love  
How can you love this  
Wreck of innocence  
How can you love  
How can you love  
This fated dissonance
