

Embrace The Gutter

The Autumn Offering

This powers racing, right through these veins
an anger grows and, forgets my name.
breaking down, i see red
theres one more dose, just one more dose, to clear my head.

I hate, i hate this sickened world
you know, you know what i mean
can you, can you save me now
help me from falling down

Embrace the gutter, cut up another
these little white pills wont kill you now
my bodies aching, my mind is chasin
these little white pills wont kill you now

Tomorrows empty, one taste to hold true
today i tempt the, ask not what i do
i face a new day, with eyes dark and black
i ask my own mind, now theres no turning back

I hate, this sick, world of life
you know, what i, feel inside
can you, save me, now i'll try
help me from falling down

Embrace the gutter, cut up another
these little white pills wont kill you now
my bodies aching, my mind is chasin
these little white pills wont kill you now.
