

Live a Lifetime Love

The Avalanches

When I was a child and I run around

All you kids are the same today

All you wanna do is play

You never want to work, or take any responsibility

(True!)

Live a love, live a lifetime love

A.Dd+ we at it again

Just doing some horrendous shit with my friends

We smoke out in public

That's just how we function

We don't give a fuck, I'm not sure if I can

I grew up, I screw up

I do a little too much, they call me advanced

And now they just call the police

Cause I'm 23 and black and won't pull up my pants

They say I'm a thief (they say I'm a thief)

They callin' me thug (they callin' me thug)

They say I'm a killer (they say I'm a killer)

I just say "wassup?" (I just say "wassup?")

They say I'm a thief (they say I'm a thief)

They callin' me thug (they callin' me thug)

They call me a killer (they say I'm a killer)

I just say "wassup?"

We be drivin' drunk, smokin' blunts, runnin' red lights

We be drivin'... WHY?!
