

## Desperation

### The Avengers

Gotta get out of here  
there's nothing for me here  
nothing to do, nowhere to go  
no words to say, no thoughts to think  
Oh, I'm leaving  
the pressure's building up on me  
the air is really thick, can't breathe I'm leaving  
I'm running, I'm running out of time  
out of breath, out of desperation

Now you see me, now you don't  
can't stay here much longer  
the situation I've been making for myself  
can't take it, not you  
I'm running I'm running  
catch my freedom

now you'll see, I won't be here for long  
I gotta get out  
out from under you  
what are you trying to make me do?  
I'm running, I'm running  
gotta get out  
gotta catch my freedom  
I'm running, running  
I'm running out of desperation  
gotta get out catch my freedom  
gotta get where I can breathe  
I'm running, running out of desperation
