

November Blue

The Avett Brothers

If I weren't leavin', would I catch you dreamin'
And if I weren't gonna be gone now, could I take you home
And if I told you I loved you, would it change what you see
And if I was staying, would you stay with me
And if I had money, would it all look good
And if I had a job now, like a good man should
And if I came to you tomorrow, and said let's run away
Would you roll like the wind does, baby would you stay

My heart is dancin', to a November tune
And I hope that you hear it, singing songs about you
And I sing songs of sorrow, because you're not around
See, babe I'm gone tomorrow, Baby follow me down

I don't know why I have to, but this man must move on
I love my time here, didn't know 'til I was gone
November shadows, shade November change
November spells sweet memory, the season blue remains
November spells sweet memory, the season blue remains

Your yellow hair is like the sunlight, however sweet it shines
Bit by the cold of December, I'm warm beside your smile

Oh lady, tell me I'm not leaving, you're everything I dreamed
I'm killing myself thinking, I've fallen like the leaves
I'm killing myself thinking, I've fallen like the leaves
