

Skeleton Man

The Axis of Awesome

In a city plagued by the crime
A city you know or could imagine
A city of buildings and streets
A city in pain
A city in need of a hero
That hero is Skeleton Man

Skeleton Man, Skeleton Man, Skelton Man
Protecting our streets
Taking on crime
Saving the world
A day at a time
Under cover of night, cover of day
Skeleton Man, Skeleton Man, Skeleton Man

During an accident as a child
A small boy broke his arm and was then exposed to x-rays
These rays revealed that the boy was in fact part-man part-skeleton
What?
A skeleton man
A part-man part-skeleton
Yes, just as the centaur is part-man part-horse
So too is he part-man part-skeleton
Right and which part is the skeleton part?
The skeleton part
What you mean like inside hi.

Skeleton Man, Skeleton Man, Skelton Man?
All made up of bone
Shaped like a man
Skeleton feet
and skeleton hands
He has calcium strength at his command
Skeleton Man, Skeleton Man, So he's just a regular man?

Many people think he's just a regular man
Yes
But he's not just any man
I think he is
He's Skeleton Man, He's Skeleton Man

That's ridiculous, Everyone has a skeleton
It doesn't make you a superhero
It's like saying 'OOHH! Skin Man'

OOOOHHH Skin Man
Villian in disguise
But Skeleton Man
Sees through his plan
With his Skeleton eyes
He's Skeleton Man

No sorry stop singing
That's stupid
Everyone is part man part skeleton
Anyone could... whoever is listening to this song could be Skeleton Man
Skeleton Man's listening to us

He bought our album
Or stole it off the internet

Skeleton Man, Skeleton Man, Skeleton Man
Skeleton Man, Skeleton Man, Skeleton Man
Skeleton Man, Skeleton Man, Skeleton Man
