

# Head First

## The Babys

Well the first time that I saw you  
You looked down and out  
And I had my doubts about you  
But baby since I've come to know you  
I ain't got no doubts what it's about

Me and baby we're going out tonight  
She's gonna treat me right, oh yeah  
Me and sugar we've got it all sewn up  
She fills my loving cup  
We're going head first

Well the second time that I saw you  
Boy you'd really improved  
I was really moved  
How I wanted you

I'm knocking at your door  
To see if you're alone tonight  
'Cause I need some more  
Of what you got

Me and baby we're going out tonight  
She's gonna treat me right, oh yeah  
Me and sugar we've got it all sewn up  
She fills my loving cup  
We're going head first

Baby baby baby  
Take me in your arms and love me  
'Cause you know what I am anyway

You got me on my knees  
I'm gonna say please if you want me  
'Cause I want you so  
I'm never gonna let you go

Me and baby we're going out tonight  
She's gonna treat me right, oh yeah  
Me and sugar we've got it all sewn up  
She fills my loving cup  
We're going head first

Me and baby we're going out tonight  
She's gonna treat me right, oh yeah  
Said me and baby we've got it all sewn up  
She fills my loving cup, oh yeah

Me and baby  
Me and baby gonna rock and roll  
She fills my loving cup  
It's gonna be alright

Me and baby we're gonna rock and roll  
We're gonna rip it up  
We're fallin' head first
