

## Wild Man

The Babys

Call me a wild man  
Well I've seen the world  
I've had it all in my hands  
I had some love but I lost my way  
I threw it in for the band  
Oh Oh  
Call me a wild man  
And I'll never know  
Oh Oh  
Call me a wild man  
And I'll never know  
Call me a rover  
Cause I've seen some sights  
I've had the things that make men smile  
But through these years  
As I reached the end  
Oh I need a friend  
Oh  
This ain't like I thought it would be no  
I'm just a sailor on the deepest dark sea  
Ah  
Looks like life's got the best of me  
I'm just a young man  
But at least I've tried  
Call me a wild man  
Yeah I've seen the world  
I've had it all in my hands  
I had some love but I lost my way  
I threw it in for the band  
Oh Oh  
Call me a wild man and I'll never know  
Oh Oh  
Call me a wild man and I'll never know  
Oh Oh  
Call me a wild man and I'll never know
