

# Walk Me Down the Middle

The Band Perry

I was meant to be by your side  
And I have waited here a long time  
For you to turn around and notice me  
But now you're here holdin' hands with me

Walk me down the middle of the county fair  
Walk me down the middle like you don't care  
Walk me by the ferris wheel and make sure that she sees  
Let the whole world know you belong to me

I've heard about your bitter end  
'bout how she stole your heart and put it back again  
Well I may not be the prettiest girl around  
But I sure am a sight for sore, sore eyes

Walk me down the middle of main street  
Walk me down where the whole town will be  
I don't need no parade but make sure that she sees  
Let the whole world know you belong to me

I'd walk through fire for you  
Walk through barbed wire for you  
I'd walk miles, it's true  
Just to be with you

If you'll walk me down the middle of my mama's church  
Walk me down that aisle in your finest shirt

Let the whole world know  
You will walk me down the middle of the county fair  
Oh walk me down the middle like you don't care  
Walk me by the ferris wheel and make sure they all see  
Let the whole world know you belong to me
