

Ramble Jungle

The Band

Goin' back where I was born
Goin' back where I can carry on
African town is really suped
Doin' the world as you do.

All the african women around
They're gonna rock and shake on down
Shake yourself, shake yourself
Rock yourself.

She's alright, she's in the groove
Watch that little girl, how she moves
They're all doin' that on the borderline
Shake yourself like I shake mine.
