

# All Or Nothing

## The Basics

I'm in love with someone who just cannot love me back  
Someone else who loves me deserves much more than that  
There are no winners here  
There are no winners here

All the time I've tried to write the words that sum the whole thing up  
But I never can quite get it right and what I write just sucks  
So here I go again my friends I guess this is my lot  
To do my best and make lieu of what I do and do not want

But it's all or nothin'  
It's all or nothin'  
It's all or nothin' with you

I'm in love with someone who just cannot love me back  
Someone else who loves me deserves much more than that  
There are no winners here  
There are no winners here

Look I love this song but there's some stuff that's not good for your health  
Songs that make me wanna cry and wanna hurt myself  
And it's funny how when you're feeling down, these songs are just for you  
I guess that's what they like to call the power of the blues

But it's all or nothin'  
It's all or nothin'  
It's all or nothin' with you

I'm in love with someone who just cannot love me back  
Someone else who loves me deserves much more than that  
There are no winners here  
There are no winners here

So I live in a state of constant limbo waiting for a clue  
For someone else to tell me what it is that I should do  
'Cause even though I know this indecision can't go on  
When it comes to breakin' hearts I'd rather die than do the job

But it's all or nothin'  
It's all or nothin'  
It's all or nothin' with you

I'm in love with someone who just cannot love me back  
Someone else who loves me deserves much more than that  
There are no winners here  
There are no winners here

So there it is my latest try at sorting out my head  
But lookin' back I'm not quite sure I know I just said  
Still keep someone hangin' on while I entertain the thought  
Of bein' with another who I think is more my sort

But it's all or nothin'  
It's all or nothin'  
It's all or nothin' with you

I'm in love with someone who just cannot love me back  
Someone else who loves me deserves much more than that  
There are no winners here  
There are no winners here

There are no winners here  
There are no winners here
