

Did I Ever Stand a Chance?

The Basics

Did I ever stand a chance, oh no
I need an answer
(He needs an answer)
Did you feel anything for me at all?
I've got to know
(He's gotta know)
Did I move too fast, did I take too long
Did I come on much too strong?
Did I ever stand a chance? Oh please
Please let me know
I'm doing fine out here by myself
(He's doing fine all by himself)
But I was thinking 'bout how I felt
(He's thinking about you)
About you
Now tell me
Did I ever stand a chance, oh no
I need an answer
(He needs an answer)
Did you feel anything for me at all?
I've got to know
(He's gotta know)
Did I move too fast, did I take too long
Did I come on much too strong?
Did I ever stand a chance? Oh please
Please let me know
I play it cool, I'm just a friend now
(He plays it cool, he's just a friend)
Still, I wonder how things turned out like they did
(Was it, was it) Was it how I looked? (Was it how he looked?)
(Was it, was it) Was it what I said? (Was it what he said?)
(Was it, was it) Was it where it was? (Was it where he was?)
(Was it, was it) Was it 'cause I smelt? (Was it 'cause he smelt?)
Did I ever stand a chance, oh no
I need an answer
(He needs an answer)
Did you feel anything for me at all?
I've got to know
(He's gotta know)
Did I move too fast, did I take too long
Did I come on much too strong?
Did I ever stand a chance? Oh please
Please let me know
Oh please
Please let me know
Oh please
Please let me know
